- In the Philippines you can

- Philippines are said to be rich in natural resources. The natural

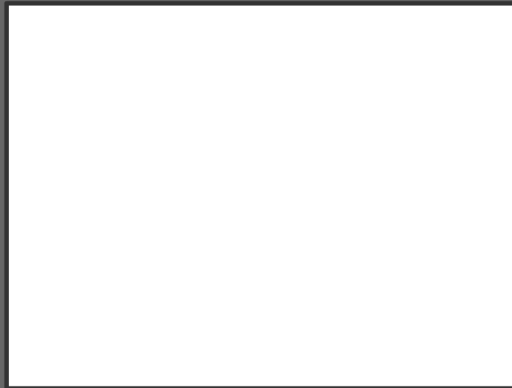

- Paragraph:

- The question i get is how does the environment affect the economy. Well first the volcanoes make fertilized out of it's ashes. This

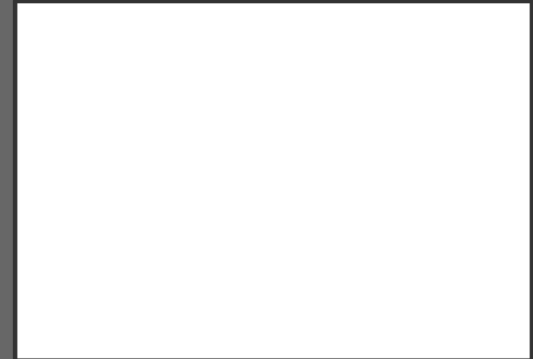

The environments  
the affected  
cultural  
diffusion many  
years ago let me  
explain. When  
they had boats  
it was hard to  
get to places  
because there  
was some always  
waiting to stop  
you in your

The last  
question of the  
day, is how does  
environment  
affect the trade  
patterns. It  
affect the trade  
patterns in two  
ways. The first  
way is some time  
there's a  
problem with the  
crop. If you are
